## Human Resources Decision Makers

This File (made up from the central Incnet database) identifies Human Resource/Personnel Managers and Training/HR Managers in organisations with 100+ employees. Includes multiple contacts where the function is organised by divisions within the company. In smaller companies (less than 100 employees) the appropriate decision maker has been included. Typical titles are; Human Resources Directors/Managers, Personnel Director/Manager, training & Development Manager, Training Manager, HR Manager, Professional Development Manager, Employee Development Manager, Employee Relations Manager & Chief of Staff.

This list is meticulously compiled and over twenty industry codes and a growing selection of industry keywords allows the list user to efficiently zero in on their industry target markets. Updating is maintained on a continual basis. All contacts on the file are tele researched every three months. This is supplemented by monitoring of media, published information sourced and by dead mail.

All records are fully personalised and include business title.
